productive session. Open article

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

⊕ 5 minutes

Key rules of brainstorming To run an smooth and productive session Encourage wild ideas. Defer judgment. Listen to others Go for volume. If possible, be visual.

Define your problem statement

→ 10 minutes

Brainstorm

Write down any ideas that come to mind

that address your problem statement.

You can select a sticky note and hit the pencil [switch to sketch] icon to start drawing!

privacy and security must be maintained

for interaction

(sign language)

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.
